DEMI Moore's relentless "Demi-lition" of her face could be irreversible!

The ex-wife of Ashton Kutcher STUNNED onlookers in New York on July 20 with what appeared to be the aftermath of botched plastic surgery, concerned medical experts told The National ENQUIRER.

"A procedure has left her mouth with a slight deformity, and her lips are over-plumped and scarred," said Dr. Lyle Back, who has not treated 52-year-old Demi.

"Her skin is damaged; cheeks are misshapen and the corners of her mouth have drooped," a concerned Dr. Gary Horndeski concurred.

AS MARIAH COMES OUT TO PLAY...

Mariah and her Australian tycoon beau, James Packer, aboard his sprawling yacht

MARIAH Carey is hiding a shocking mental ward secret! While the diva made headlines partying with her billionaire beau on a champagne-soaked yacht in the south of France, her troubled sister was locked up in a New York hospital, The National ENQUIRER has learned.

Former prostitute Alison Carey, 54, has been in the facility since suffering a severe head injury in a mysterious attack at her home three months ago.

When she finally came to her senses, Alison – a heroin-addicted mother of four – was incarcerated in a psychiatric ward

at a clinic on Long Island.

In an anguished cry for help, Alison reached out to The ENQUIRER, claiming she was being held against her will, and her famous sister hasn't helped her!

"I need a lawyer to get me out of this hospital because there is no reason to keep me in here for three months,"

Alison said in an exclusive interview from Brookhaven Memorial Hospital Medical Center.

An ENQUIRER reporter tried to visit Alison at the clinic, but was turned away after being interrogated by a hospital law-

yer who insisted she was not allowed even invited guests.

Alison claimed she complained about the incident, and when she refused to take a sedative, a team of hospital staffers allegedly restrained her, and injured her rib cage in the process.

"They beat the living sh-t out of me that night!" Alison told The ENQUIRER days later.

Alison said she landed in the hospital after a mystery man stole jewelry from her apartment, and she woke up with a three-inch gash in the back of her head and a busted mouth.

"I don't remember getting in a car with this person, and I don't remember going to my house. But I remember being at my house and he was taking my jewelry," Alison said.

While Alison remained at

Brookhaven, Mariah, 46, was spotted in Spain and Italy with Australian billionaire James Packer. Later, she visited Jerusalem with her adorable 4-year-old twins, Moroccan and Monroe.

In a twist on the scandal, Mariah also generously helped out a former backup singer, Deborah Cooper, with more than \$25,000 to help her fight liver cancer, prompting Deborah to say: "Mariah saved my life!"

But destitute Alison said she misses her sister, and recently listened to her song, "I'll Be There," along with several other favorites.

"She's my sister! She's my baby sister! How can I not love her?" Alison cried.

In a bombshell tell-all, The ENQUIRER recently reported that Mariah and Alison's brother Morgan, 55, claimed their drunkard mother Pat, 78, ruined their lives by subjecting them to years of abuse.

Alison recalled buying food for Mariah when their opera singer mother was out on all-night drunken benders.

Heroin addict Alison Carey is *NOT* even allowed guests

"She [Mariah] would call me up crying because she was so scared to be alone, to be by herself at 2 in the morning. She was 12 and 13, and I was 20," she said.

"I did everything I could possibly think of for Mariah."

Alison also claimed that her

mother has kept her locked up at Brookhaven with the help of high-powered Long Island lawyer Stephen Grossman.

Repeated messages left by The ENQUIRER at Grossman's office were not returned.

Morgan also told The ENQUIRER that Mariah - reportedly worth \$510 million - is "suicidal and insane" and

has been popping pills and exploding in alcoholic rages.

But as she stares at the four walls of her

room in a psychiatric ward, Alison is the one who desperately needs her sister's help!

Alison begged The ENQUIRER: "Please tell Mariah to get me out of here! She must know what's happened to me! I want out!" **NE**

MADONNA AND SEAN BACK ON!

Her son Rocco taps father figure Penn

AFTER being dumped by Charlize Theron, volatile and violent Sean Penn is gearing up for round two with ex-wife Madonna – after her 14-year-old son, Rocco, played Cupid!

The guys bonded when Rocco accompanied Sean, 54, on a 2013 humanitarian trip to Haiti, and the boy considers him a second dad, sources said.

“Within a day of the breakup, Rocco was calling Sean, begging him to ask his mom out,” an insider revealed.

“Sean’s always loved Madonna. He thinks she’s the

only woman strong enough to handle him. They’re planning a vacation together with Rocco before her tour begins in September.”

The Material Girl, 56, dated a string of boytoys after splitting from Rocco’s dad, British director Guy Ritchie. “Monster” star Charlize dated Sean for nearly two years before their sudden split in June.

Madonna has called Sean – her husband from 1985 to 1989 – the love of her life, and sources said Rocco feels Sean is better suited to her.

Maybe he’s unaware of reports of Sean’s legendary outbursts that include hitting

Rocco and Sean touring the jungles of Haiti

Madonna in the head with a baseball bat in 1987, and tying her up and holding her hostage for nine hours in 1988!

The source added: “Not everyone in Madonna’s camp thinks reconciliation with Sean is a good idea. Her daughter, Lourdes, is wary of his violent past and out-of-control temper.”

umbles, Halle steps out **WITHOUT HER RING**

HALLE Berry has had it with her hotheaded French husband – and The National ENQUIRER has caught her without her wedding ring!

“It seems Halle and Olivier have finally hit the end of the road,” a family friend told The ENQUIRER.

“They’ve weathered a lot of ups and downs in their relationship – but recently, Olivier has been completely MIA!”

We first revealed that the Oscar-winning stunner was heading for a breakup with Olivier Martinez back in Sept. 2014.

The “Extant” star – who turns 49 on August 14 – and Olivier, 49, haven’t been photographed together

in months – and this ENQUIRER photo has Halle looking single while recently out with the couple’s 21-month-old son, Maceo!

Halle wed Olivier in July 2013 while she was pregnant with their child.

She also has a 7-year-old daughter, Nahla, fathered by model Gabriel Aubry – who Olivier famously beat up in a brawl outside her home in Nov. 2012.

Halle finally put her foot down after her volatile husband sparked a melee at Los Angeles International Airport on Jan. 4, sources told The ENQUIRER.

The annoyed actor was caught on video knocking over an LAX employee by hitting him with Maceo’s car seat.

HALLE Berry’s hubby, Olivier Martinez, sparked rumors of a split when he was spotted flying solo and sporting a new mustache. “He looked a little strange,” a witness in Malibu told The National ENQUIRER. “I find it hard to believe Halle would like the new look.”

Halle and Olivier, both 48, reportedly have rarely been seen

together since the birth of their son, Maceo, last October.

Olivier stays close to his Malibu place while Halle hangs near her Hollywood Hills home.

Halle wed Olivier in July 2013 while pregnant with Maceo. She also has a daughter, Nahla, 6.

“They’re just delaying the inevitable split,” the insider added. “It looks like Olivier will soon be history.”

Olivier was caught on video bashing an airport employee in January

That same month, The ENQUIRER reported Halle had hit Olivier with an ultimatum: “Get counseling if you want to save our marriage!”

An insider said at the time: “Halle is telling pals she worries that Olivier’s runaway temper could put her kids at risk!”

The couple was last seen in public together at an event in late February.

Now family friends report that Olivier has been staying close to his place in Malibu while Halle is staying at her Hollywood Hills home.

“They’ve just been delaying the inevitable split,” the source told The ENQUIRER.

Heidi & Mel ready to ‘scratch each other’s eyes out!’

THE claws are out at “America’s Got Talent” as diva judges Heidi Klum and Mel B. duke it out over screen time!

According to a source, fellow judge Howard Stern has even had to separate the hot-tempered twosome! “Both want to be queen of the show,” said the source. “It’s getting nasty!”

When Heidi, 42, and Mel, 40, joined “AGT” in 2013, the former Spice Girl was prepared to play second fiddle to her leggy German rival, who also hosts Lifetime’s “Project Runway.”

“But Mel felt Heidi was boring and humorless, and realized it was a chance to seize the lime-light,” said the source.

Tensions escalated recently

when Heidi’s beau, Vito Schnabel, 28, visited and Mel flirted with him behind Heidi’s back!

“Mel’s married and has no interest in Vito, but she did it for a laugh,” said the source. “He apparently enjoyed her advances, and Mel gleefully told Heidi she must be crazy to date a guy who can’t be trusted.”

“Mel thought she’d driven

a wedge between them, but Heidi just exploded at her. It looked like they might scratch each other’s eyes out!”

That’s when Howard stepped in to play peacemaker, according to the source, who added: “He told both of them to calm down, and if they showed that same fire on TV, ratings would go through the roof!” **NE**

HEF CA IN COS SEX ATT

Playboy mogul linked

IN THE latest scandal involving serial rapist Bill Cosby, Playboy founder Hugh Hefner has been linked to one of his alleged knockout sex attacks, The National ENQUIRER has exclusively learned.

Even more damning for the sicko star, the assault at the mogul's California mansion could have been caught on videotape by spy cameras hidden in the bedrooms.

The incident is being actively investigated by police!

According to a lawyer for then-18-year-old beauty Chloe Goins, Cosby was at the mansion with Hefner when she was drugged and sexually molested.

The leggy blonde and an unidentified girlfriend went to the L.A. party palace in

the summer of 2008, and began chatting with Hefner and Cosby, who are longtime pals. That's when the quintessential TV dad, now 78, offered to fetch the ladies a drink.

"Within a short time of drinking that drink, Chloe began to feel nauseous, sick and woozy," her attorney, Spencer Kuvin, told The ENQUIRER in a blockbuster interview.

"Chloe was asked if she would like to lay down in one of the rooms and she said sure."

According to Kuvin, Chloe's friend offered to help her, but Cosby stepped in and said, "Don't worry. I know where it is. I'll take her."

Kuvin added: "When Chloe woke up, she was completely naked and her dress was on

the ground. Mr. Cosby was down at her feet, and he was biting her toes.

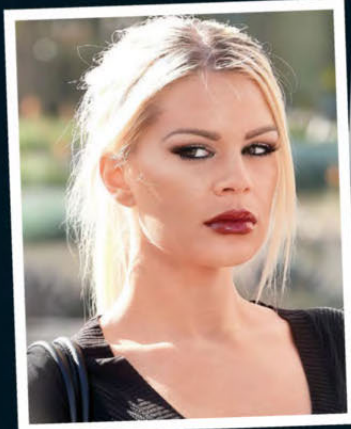

"He had his pants down around his ankles, and Chloe's breasts felt as if someone had been licking them because they were wet. When Mr. Cosby bit her toe, she jumped up like, 'What the heck!'"

"Mr. Cosby then realized Chloe was awake, pulled his pants up and left the room."

When contacted by The ENQUIRER, lawyers for both Cosby and Hefner said Chloe and her lawyer's claims are completely false.

Playboy mansion records purportedly show that Cosby had not been there for an evening event for the last 15 years.

Cosby's lawyers claim he

was in New York on the night of the alleged incident.

Despite the denials, Kuvin said detectives at the Los Angeles Police Department are taking Chloe's complaint "seriously," and conducted two interviews in February and early July that lasted more than three hours.

"There are apparently explicit copies of videos of

things that went on in the mansion," the Florida-based attorney told The ENQUIRER.

The statute of limitations on Chloe's assault expires next April, but prosecutors could file charges against Cosby before then.

Bindi and her "someone special" on social media

L'il Bindi LOVES THE BOYS!

THE adorable daughter of the late "Crocodile Hunter" Steve Irwin has grown into a real manhunter with a sexy new boyfriend, The National ENQUIRER has learned.

In the past year, 17-year-old Bindi Irwin has been linked to three studs she has proudly shown off like trophies on her social media accounts.

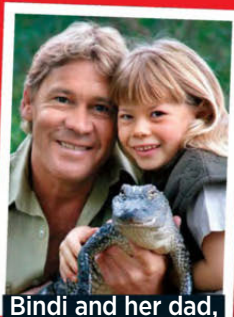

The teen never identifies the bagged boys – but her new squeeze is 19-year-old pro wakeboarder Chandler Powell!

The only juicy detail Bindi dared to originally reveal was: "There is someone special in my life right now, and I'm really happy with that."

But Bindi recently posted a photo of Chandler, while an-

nouncing his plans to join her Wildlife Warriors team as a global ambassador.

Bindi has also been linked to Aussie schoolmate Bailey Lancaster, 16, and 25-year-old Luke Reavley – her mother's personal assistant!

Bindi and her dad, who died in 2006

The teen has radically changed her image from khaki cutie to wild child with seductive black-and-white images posted to social media – nearly nine years after the death of

her dad, who was killed by a stingray while filming a documentary. Bindi's even posed for a photo shoot in a slinky red dress!

As one online fan howled: "WHOA. This looks nothing like the little Bindi Irwin we all used to know!"

FOR Oscar winner Nicolas Cage, life is the exact opposite of a rags-to-riches tale! After living high on the hog and frittering away a \$150 million fortune, the "Leaving Las Vegas" star now rents a modest condo in Sin City – and goes incognito to eat at a working-class diner, The National ENQUIRER has learned!

An eyewitness at The Cracked Egg, where the 51-year-old actor recently scarfed down an \$8.95 plate of huevos rancheros, told The ENQUIRER: "Considering all the options of places to eat in Vegas, it's incredible he comes here!"

"Nic tries not to draw attention to himself when he's here, but ironically that's exactly what he does! No one else comes in with their hoodie pulled over their head. He's obviously uncomfortable when he's recognized."

Nic once earned \$20 million per film, and owned real estate around the globe. But in 2009, the IRS slapped him with a \$14 million tax bill, and he was

"They called Kaitlyn every name in the book after it came out that she may have had sex with her three final picks," said the on-set source.

Chris went on the show to read messages directed to Kaitlyn that called her a "slut" and "whore" - before telling her: "I will take you as a role model for my kids over anyone who would be a cyberbully and spew that kind of hate!"

A source behind the scenes claimed that Chris, a 43-year-old divorced dad of two kids, blames producers for how they're portraying Kaitlyn, 30.

"Chris believes the producers intentionally edited segments to make Kaitlyn look bad," dished the insider.

There are also concerns that Chris "has the hots" for Kaitlyn - and is secretly thrilled over The ENQUIRER's recent reports that Kaitlyn has already split with the man she chose at the end of this season.

DONALD Gould has fine-tuned his way to a second act in life!

Just weeks ago, he was living on the streets in Sarasota, Fla. Then Donald sat at a sidewalk piano and tickled the ivories in an impromptu performance that turned his world upside down.

A YouTube video of the former Marine's curbside concert generated more than 9 million views, leading to a flood of fans offering to help

Now Donald, 51, is not only clean-shaven, he's also entered a rehab program and been awarded a full scholarship to finish his music degree at Spring Arbor University in Michigan!

There's even a GoFundMe web page, started by friend Jacqueline Bevan, that's generated more than \$43,500 to help him rebuild his life.

Best of all, he's reconnected with the son taken from him 13 years ago.

"It's overwhelming!" said Donald. "I never thought it would come to this."

A virtuoso on several instruments, Donald studied music education hoping to

After the video of him playing the Styx classic "Come Sail Away" went viral, Donald told anyone who would listen that he hoped his thrilling performance would come to his lost boy's attention.

Then the impossible happened. Donny, now 18, reached out to his struggling birth father in the hopes of lending a hand.

"I thought his music was beautiful," Donny said. "I want to help him clean up his act."

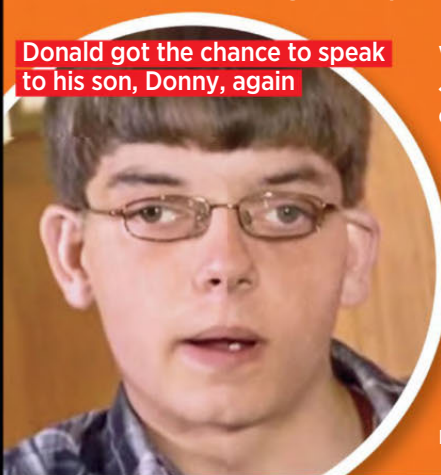

The two reconnected on a Facetime call - a high-tech experience that blew the mind of both parties on the line.

"It was very weird for me to see that face for the very first time," Donny said.

As for Donald, he's just grateful to be reunited with his son.

"It was great seeing him again," he said. "I'm never going to stop loving him." **NE**

COPS HAVE FINGERPRINT OF BOBBI KRISTINA'S KILLER

POLICE have uncovered startling new evidence in the Bobbi Kristina Brown murder case – the fingerprints that could identify her killer!

Following the 22-year-old's tragic death July 26, a law enforcement source told *The National ENQUIRER* in a bombshell world exclusive: "The fingerprints will nail the person responsible for ending the life of Whitney Houston's daughter."

"The fingerprint discovery can be the ultimate smoking gun if Bobbi Kristina's killer is brought to trial!"

BEFORE SHE DIED, Bobbi Kristina's grief-stricken family had filed a \$10 million wrongful death lawsuit against her fiery boyfriend, Nick Gordon, accusing him of viciously beating her in the days and weeks before the tragedy.

The law enforcement source told *The ENQUIRER* that the "CSI-style forensic evidence" was collected within hours of Bobbi Kristina being found unconscious, facedown in a water-filled bathtub, at the

Roswell, Ga., townhouse she shared with Gordon on Jan. 31.

Said the source: "While it's no secret Nick and several others were in the townhouse when paramedics arrived, it's a piece of physical evidence found upstairs that directly relates to wrongdoing in the incident – and that contains the incriminating fingerprints!"

The insider said the prints have at least eight so-called "minutiae points" – the minimum number of links called for by authorities that can declare a match to a specific person.

TOP LOS ANGELES private investigator Dan Hanks, who is not involved in the case but is following it closely, told *The ENQUIRER*: "If the cops have fingerprints of Krissi's killer, it will supersede the additional circumstantial evidence. This could be a homerun for Krissi's family, who want someone to go to jail for what happened to their poor girl."

The law enforcement source

added: "Nick and the others were not in the house when the fingerprints were collected."

In an exclusive interview with The ENQUIRER in June, Debra Reis Brooks, a close pal and neighbor, confirmed that Gordon, 26, and another friend, Max Lomas, 25, who had placed the 911 call alerting authorities at 10:23 a.m. that morning, remained in her home while police conducted their investigation next door.

Debra told The ENQUIRER: "Nick was so out of control and the police came up to me and said, 'Would you take him

THE texts, crime scene photos and witness statements that will nail the killer, as revealed by The National ENQUIRER.

■ BOBBI KRISTINA'S TEXTS

The ENQUIRER has uncovered sensational text messages sent in the final hours before Bobbi Kristina's death that show how she feared her abusive lover, Nick Gordon.

The texts that could become vital evidence in any criminal case detail a conversation in which Bobbi Kristina reached out to a close friend and was clearly fed up with hot-tempered

Gordon. The pal texted to her: "Hey baby I miss you so much. Sorry I've been working so much lately. I saw you called me last night."

She replied: "Hey babe boo boo. Yeah I'm sad ... It's about Nick ... :("

The friend said: "What's wrong now baby? He doesn't deserve you boo."

Sounding increasingly frustrated, she replied: "Yeah I just seriously don't know what to do about him."

"You know how he is. I care about him but I'm so sick of the fighting and him telling me what I can and can't do."

Family members and pals have described Gordon as

■ CRIME SCENE PHOTOS

Cops will rely on crime scene photos taken in the hours after Bobbi Kristina was found unresponsive on Jan. 31. Those photos - recreated by The ENQUIRER - show Bobbi Kristina in the tub as well as an image of her mouth swollen and her tooth knocked out.

■ THE AUTOPSY

Authorities were expected to conduct an autopsy on Bobbi Kristina in the days

Wecht, said the official report will likely find she died from a lack of oxygen to her brain due to swelling - possibly caused by a beating by Gordon.

■ WITNESS STATEMENTS

Investigators will also rely on witness statements to build the case against Bobbi Kristina's killer. Gordon, Max Lomas - the man who called 911 - Danyela Bradley, and Duane Tyrone Hall - the man Bobbi Kristina was spotted with hours before her death - have all been quizzed by cops. **NE**

WILL SMITH & JADA'S \$240 MILLION DIVORCE EXPLODES!

Hollywood power couple have been *living a lie for years*

IT'S over! After 17 years, Will Smith and Jada Pinkett Smith are ending their rocky marriage — with a blockbuster secret divorce deal, sources have exclusively claimed to The National ENQUIRER.

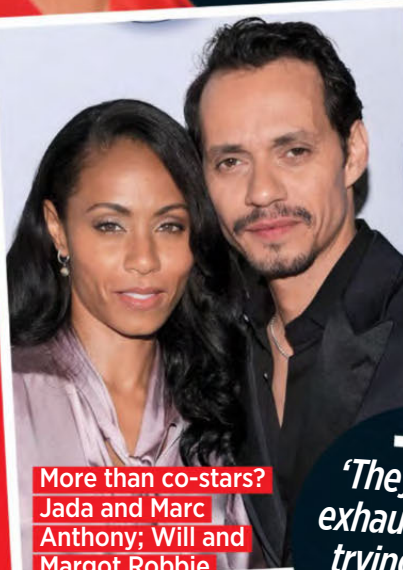

“For Will and Jada, holding it together these past few years has been tough because their marriage has been on life

support for a long time,” said an insider.

“They’re exhausted from trying to maintain the façade of a happy union. They’ve decided to pull the plug in a carefully choreographed manner, [and] agree announcing their split at the end of the summer is the right move.”

The A-listers have already “worked out a confidential settlement to protect their \$240 million fortune, and prepare their kids [son Jaden, 17, and daughter Willow, 14] for the fallout,” the source said.

Hinting at their split earlier this year, the “Bad Boys” stud, 46, admitted the marriage had “died.” And Jada, 43, seemed to acknowledge his notorious wandering eye, telling Howard

Rumors have persisted

since 2013 that Will romanced his “Suicide Squad” co-star Margot Robbie. He’s also been pictured without his wedding ring.

Jada, meanwhile, allegedly cheated in 2011 with “Hawthorne” co-star Marc Anthony.

“They tried to fix things with therapy, [but] it’s not happening,” explained the source.

Said another source: “They’re already moving on with their lives. All that’s left is the inking of the divorce papers.” **NE**

RACIST HULK'S FBI COVER-UP!

CONTINUED FROM PAGE 11

billionaire guy" had offered to fund her struggling music career.

He also attempts to use bizarre, twisted logic in an effort to justify his bigotry at the man.

"I don't know if Brooke was f---ing the black guy's son," Hulk raved, the sources added.

"I mean, I don't have double standards. I mean, I am a racist, to a point, f---ing n-ggers. But then when it comes to nice people and sh-t, and whatever."

Then, in a tirade to rival the embarrassments suffered by Mel Gibson and "Dog The Bounty Hunter," Hulk unloads even more hatred!

According to sources, he said: "I mean, I'd rather if she was going to f--- some n-gger, I'd rather have her marry an 8-foot-tall n-gger worth a hundred million dollars! Like a basketball player!

"I guess we're all a little racist. F---ing n-gger."

Undeterred, Hulk continues on about the "BS in my life" and the "black billionaire guy" who he said had recruited actor/singer Jamie Foxx to appear on one of Brooke's songs.

"F---ing n-gger ... he had Jamie Foxx coming in on the 22nd track," an unrepen-

tant Hulk angrily added, the sources revealed.

"I didn't even tell Brooke about it. F--- her. Brooke and [name withheld by The ENQUIRER] met in Miami. Brooke f---s up a ten million dollar deal I had with the Saudis.

"Brooke says, 'F--- you Dad.' She's never said that. She flipped a bird at me."

According to the sources, Hulk then laments: "I have this huge f---ing house in Miami. My family never comes home. They went to L.A. F--- 'em."

NOW, FOR THE first time, The ENQUIRER can further reveal the yet-untold story of the explosive cover-up scandal at the center of the tape – as well as the secrets and lies desperate Hulk allegedly made in a futile bid to protect his image.

In a dramatic turn of events, it's alleged the FBI altered the secret evidence in Hulk's sensational sex tape case – to EXCLUDE his racist diatribe.

Lawyers fighting the wrestling legend's \$100 million lawsuit against the website that posted the sex video claim the feds not only withheld over 1,100 documents, audiotapes and videos but also altered the soundtrack

they gave you what they had, I want to understand how it is that between that moment when the FBI took possession of those DVDs and when I saw those tapes in Judge Campbell's anteroom on Tuesday, that audio got changed.

public interest beyond your litigation? Your Honor, this thing is -- it smells like bad fish. Right. And I've got a situation where I have been trying for 18 months to get documents, not only to defend my client and also to understand what happened. And now I have a situation where when I finally get them, I'm missing one, I've got a second one where the audio doesn't match, and the audio doesn't match at a key moment. And then I have the audio -- I have a video where the audio doesn't match at a key moment, and then I have an audio for the last minute that anybody besides the government had these where there is different audio that you can hear on the tape. Right?

of one of the steamy videos! Impeccable sources told The ENQUIRER the sections dubbed over are said to be these rants – in which Hulk also badmouthed his ex-wife Linda, who he said was "f---ing up my MTV show!" The pair divorced in 2009.

Adding fuel to raging inferno, the first man to have listened to the Hulk tapes, TheDirty.com publisher Nik Richie, told The ENQUIRER in an exclusive interview: "He 100 percent said the

N-word. He was just saying it like it was part of his vocabulary."

Nik said he does not have a copy of the tape, nor did he provide the transcript to The ENQUIRER.

THE AUDIO alterations became apparent when, faced with the prospect of losing their lawsuit against Hulk, website Gawker sued the FBI to release its hidden cache of evidence.

In a recent hearing, the

HOW WE BROKE THE SCANDAL

■ After acquiring the bombshell transcript of Hulk Hogan's N-word racist rants, The National ENQUIRER contacted Hulk on Thursday, July 23, asking him to explain himself before we published.

■ In a desperate stab at damage control, Hulk alerted the WWE to our scoop. The WWE swiftly scrubbed his name and image from their website, removed his merchandising and booted him from their Hall of Fame.

■ Five minutes after The ENQUIRER published the story online, the WWE fired Hogan: "WWE is committed to embracing ... individuals from all backgrounds as demonstrated by the diversity of our employees."

website's attorney, Seth Berlin, claimed the audio in one of the tapes mysteriously changes "at a key moment."

"I want to understand how that audio got changed," Berlin told a Florida judge. "It smells like a bad fish."

Berlin further suggested that the FBI had conducted an "extortion" probe against a California man who was peddling the raunchy material – at the behest of Hulk!

"The sellers' play was to force Hogan into signing a deal that they all could make money from and sell the tape," Nik explained to The ENQUIRER.

HULK FILED HIS sensational lawsuit after Gawker posted a two-minute clip of the video.

The world-famous grappler claimed he was unaware he was being filmed in bed, and broadcasting his X-rated antics on the Internet invaded his privacy.

Gawker – which declined to comment when contacted by The ENQUIRER [as did lawyers for Hulk] – charged the FBI's actions in the Hulk probe are tantamount to a "cover up."

"The deeper you go, the more interesting it gets," the site's CEO Nick Denton teased in a recent post on his site.

That interest, according to insiders, is the shameful truth hidden for decades about Hulk's racist, hateful ways that now have the potential to jeopardize his lucrative multi-million-dollar career. **NE**

DYLAN HOWARD
and MICHAEL JACCARINO**

HULK HOGAN'S scandal-scarred life in and out of the wrestling ring once drove him to consider suicide!

In a 2007 memoir, he revealed he was "riddled with personal torment" after wife Linda dumped him. He said he sat alone in his house for two days, downing Xanax with rum, and then sticking a handgun in his mouth. "But before pulling the trigger, the phone suddenly rang," he wrote.

The caller was his then "American Gladiators" co-host Laila Ali, who convinced him not to take his life.

Hulk's life imploded in a \$50 million divorce when Linda accused him of cheating with a close friend of daughter Brooke. The woman, Christiane Plant, later apologized, telling The ENQUIRER: "I'm terribly sorry for what occurred."

There was more trouble when his son was involved in a felony car crash in Clearwater, Fla., in 2008 that seriously injured a pal. Nick was sentenced to eight months in prison.

Hulk faced allegations of steroid use in the early '90s, and briefly left the grappling game. But even before the racist scandal, he couldn't avoid controversy. In 2011, The ENQUIRER reported Hulk was embroiled in a gay furor following allegations made by a friend of ex-wife Linda.

Barbara Leslie – the estranged wife of Ed "Brutus 'The Barber' Beefcake" Leslie – said her husband's "bromance" with Hulk always struck her as "extraordinarily suspicious."

"I've watched my husband and Hulk interact for the past 20 years, and there have been many times when I felt they were much too close for comfort," she said.

Hulk, who married second wife Jennifer in 2010, scoffed at the charges.

CELEBRITIES WHO SHOWED THEIR TRUE COLORS!

RACIST No.1

Mel Gibson's rants were caught on tape in 2010! After telling ex Oksana Grigorieva that the way she dressed would get her "raped by a pack of n-ggers," he was blackballed by Hollywood.

RACIST No.2

Likewise, celebrity chef Paula Deen cooked up controversy by admitting in a deposition that "of course" she used the N-word. The Food Network later fired her in a blaze of negative publicity.

RACIST No.3

The ENQUIRER exposed Duane Chapman, star of the A&E show "Dog the Bounty Hunter," for his hatred of his son Tucker's black girlfriend Monique Shinnery. Dog, 62, boasted: "We use the word n-gger sometimes here."

■ By midday on Friday, Hogan had released his own statement, apologizing for his vile rant, saying in part: "It was unacceptable for me to have used that offensive language; there is no excuse for it."

LONELY BOB'S \$70 MILLION GIFT

"Price Is Right" legend's planning to donate to animal groups

GAME show legend Bob Barker, former and forgotten at 91, is determined the animals he loves will split his \$70 million fortune!

"The Price Is Right" host is "potentially alone at a time when his spirits could use a lift," said a friend. "He had an amazing career, and has done so much good work as an animal rights activist, but his retirement hasn't been as fulfilling as he'd hoped."

"He's invited to events hosted by animal rights groups, but hardly anyone checks in

with him regularly. "Bob has complained: 'I'm alone, and I feel like that every day.'"

After hosting game show "Truth or Consequences," Barker served a record-breaking 35-year run on "Price Is Right." He was ousted in 2007 and replaced by Drew Carey in a reported move to attract a younger audience.

A sexual harassment controversy, initiated by Barker, led to his firing. Barker is now filing a lawsuit in a three-year affair, aged his reputation.

Bob Barker's legacy

I was saddened reading about 91-year-old Bob Barker's loneliness ["Lonely Bob's \$70 Million Gift," July 20]. As host of "The Price Is Right," he brightened many of my morning hours for years. But please, Bob, aside from leaving your fortune to animal groups, leave some to our own kind - children and poor families.

-Fran N., Richmond, Va.

The 2016 circus race

The "Dirtiest Race Ever" [July 6] is a waste - \$500 million spent on smear campaigns and neither Hillary nor Jeb will get my vote! That amount of money could be used in much better ways ... feeding the hungry, children's hospitals, animal shelters, the list goes on.

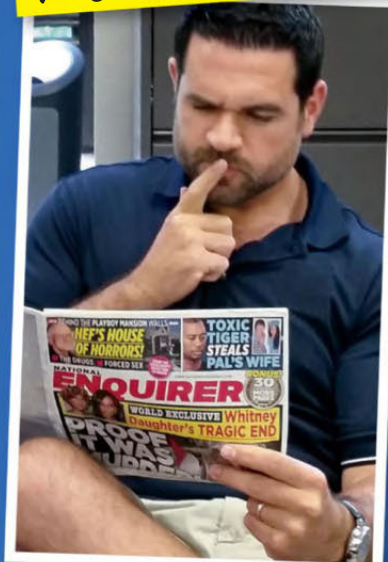

-Brenda B., Pittsburgh, Pa.

Politically correct tyrants

Does anyone really believe the confederate battle flag is responsible for Dylann Roof's terrible murder spree in Charleston ["Confederate Flag Storm," July 13]? But because pictures were found of him holding the flag, the tragedy has become an insane, Soviet-like purge of all things confederate. Sadly, he and his victims are seldom even mentioned anymore.

MIRANDA & BLAKE HOW IT ALL WENT WRONG!

Multiple cheating, boozing, murder:
The childless marriage that may end
in a **\$100 MILLION DIVORCE** showdown

IT'S the DIRTIEST DIVORCE in country music history – and now *The National ENQUIRER* can reveal the names of at least 13 hunks and hotties who tore Blake Shelton and Miranda Lambert apart!

The *ENQUIRER* has learned 39-year-old Blake is linked to NINE women, and we've tied FOUR men to two-time Grammy winner Miranda, 31.

The *ENQUIRER* has also learned that Blake's boozing and his role in a murder probe – plus Miranda's jealousy and spying – further destroyed their life together, which began when they tied the knot in a lantern-lit Texas barn on May 14, 2011.

Here are the juiciest details from their "divorce dirt file."

BLAKE'S BABES

SCARLETT JOHANSSON

Blake celebrated his first wedding anniversary by flirting with ScarJo when the two appeared on "The Tonight Show with Jay Leno" in May 2012. "Can I pick a direction to face right now?" Blake asked Jay, hinting that he'd rather look at Scarlett. When Jay mentioned Blake's anniversary, the country star snapped: "Don't talk about that in front of Scarlett!"

CADY GROVES

The pop singer/songwriter flirted with Blake on Twitter for nearly two years – and after his divorce announcement, she posted this mysterious message: "I never quit loving you – you just ran."

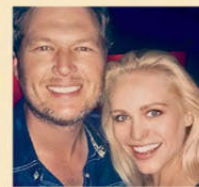

CHRISTINA AGUILERA

Blake made no secret of his attraction to his fellow mentor on "The Voice" – and even claimed that before marrying Miranda in 2011, she'd given him a "free pass" to hook up with the "Beautiful" Latina sexpot!

LINDSEY SPORRER

Miranda went ballistic over photographs of Blake with Lindsey at a birthday party for former "Voice" coach Usher in Oct. 2013. The 23-year-old aspiring actress and Blake were "connected at the shoulder all night" during the event at an L.A. nightclub. "When Miranda saw the photo, she flipped out," said a source. "She called Blake and accused him of cheating on her with Lindsey. Blake denied it, and he was trying to laugh it off as ridiculous jealousy on Miranda's part, but she wasn't buying it. Miranda went on and on about how Blake was determined to constantly humiliate her!"

WE TOLD YOU FIRST!

SHAKIRA

As soon as the Colombian hip-shaker joined “The Voice” in 2013, Blake hit on her hard. “It’s no secret that Blake can’t help himself when it comes to pretty women, and Shakira, who’s drop-dead gorgeous, is certainly getting his full attention,” a source told The ENQUIRER. “He’s like a puppy dog around Shakira, and she plays it for all it’s worth!”

ALENA SHISHKOVA

Blake was back in the doghouse when Miranda caught him getting a little too close with this Russian bombshell last year on the Internet. “Automatic” singer Miranda blew up when she discovered Blake and the sexy 21-year-old supermodel had been following each other on Twitter. At one point, Blake celebrated the connection with a spirited “yeehaw!!” post. Just five days later, he posted the shockingly sleazy message, “now playing with myself....” An insider disclosed: “Miranda went nuclear on Blake when she caught him drooling over Alena!”

CASSADEE POPE

Miranda laid down the law again when her husband mentored the gorgeous 25-year-old Florida native on Season 3 of “The Voice.” Cassadee went on to win the hit NBC singing competition, and Miranda was terrified the talented up-and-comer was getting a little too chummy with Blake. Sources said Miranda lashed out at Blake in a jealous rage. Miranda had plenty of reason to worry – her romance with Blake began when he was married to another woman! ▶

BLAKE Shelton and Miranda Lambert are divorcing amid scandalous charges of cheating, but savvy ENQUIRER readers knew the marriage was shaky more than two years ago!

The National ENQUIRER was first to report the problems in May 2013, and we followed up with an exclusive report when she stormed out in July 2013. Later that year we were first with the news that both were involved in steamy extramarital romances. A January 2014 cover revealed the pair had enlisted lawyers to wrestle over their \$100 million fortune. So, while other so-called news sources called the divorce a surprise, ENQUIRER readers saw it coming years ago!

SECRET DIVORCE FILE

KAYNETTE WILLIAMS

Blake's relationship with Miranda started while he was married to high school sweetheart Kaynette, now 42. A source said he "still can't get over her. Without Kaynette, it's unlikely he would have reached this level of stardom."

CHER

Miranda warned Blake to steer clear of Cher when he chose her to mentor his team on "The Voice," calling the 69-year-old Oscar winner a "cougar." Cher blasted back – saying she may be a cougar, but she's "certainly not a cheater!"

MIRANDA'S MEN

DIERKS BENTLEY

Miranda's 2013 tour mate crowed: "Some of my favorite times on tour over the years were with Miranda and her crew!" When the tour ended, Miranda gifted him with an ATV. Dierks immediately ran it up a tree and posted a picture on Twitter. Said a source: "It ticked off Blake – first, that she gave Dierks a gift, and then that he had to post about it!"

CHRIS YOUNG

Miranda raised eyebrows earlier this year when she was spotted cozying up to country hunk Chris, 30, during a night out at Losers Bar in Nashville. "Miranda and Chris were really into each other," said an eyewitness. The "Neon" singer opened for Miranda during her 2012 tour, and sources revealed their friendship may have led to romance. Chris issued a statement denying that he was a factor in the couple's split.

JEFF ALLEN

The country singer tours nationally and has a publishing deal with Sony/ATV – but has a rap sheet including theft and arson under his birth name of Jeffrey McManus. Miranda dated Jeff from 2003 to 2005, but a source said Miranda dumped him by phone just weeks after meeting Blake in June 2005 at CMT's 100 Greatest Duets Concert.

JAMEY JOHNSON

The ENQUIRER reported that Blake recently learned Miranda had carried on an affair with country singer Jamey in 2007 – after she'd been dating Blake for a year! Miranda hooked up with Jamey while on tour. There were rumors about their fling, but she was able to keep things under wraps until recently – when a reference about Jamey was made in front of "Honey Bee" singer Blake!

THE NAILS IN

BLAKE'S BOOZING

The "Drink On It" singer repeatedly humiliated Miranda by publicly bragging about his alcohol consumption. He once posted on Twitter: "I'm so drunk right now I just p**** my shirt pocket." Blake also said in an interview that he's "drunk all the time." In a YouTube video, he declared: "I think of a hangover as a badge of honor." In July 2013, he dismissed a published report he was suffering from heart problems, writing: "It's my liver that's f****." A pal said: "Miranda is not only afraid for Blake's health – she's scared that when he's hitting the sauce, he'll stray or have an accident. She doesn't see him living long like this!"

Julia **MARRIAGE CRISIS** over Danny's nut job sister!

THIS laughing mug shot "could be the straw that broke the camel's back" in Julia Roberts' ill-fated marriage to Danny Moder, pals told The National ENQUIRER!

The movie star is fuming over the antics of her troubled sister-in-law Jyl Moder – who grinned for the camera after being busted on domestic violence charges on July 20.

"Julia was fit to be tied after the news broke," a longtime pal told The ENQUIRER.

"She's always hated Jyl, whose drunken antics have been a constant thorn in her side during her marriage to Danny!"

Jyl, 49, has been busted three times on DUI charges!

The most recent arrest happened in Palm Desert, Calif., after Jyl allegedly battered her boyfriend after an argument.

Jyl has a serious grudge against Julia – believing Danny's affair with the star contributed to the fatal heart attack of her mother, Patti

Moder, in 2001, sources said.

Charged one source: "She even called Julia 'the devil' at a family wedding!"

Jyl could face four years in jail, and a possible \$6,000 fine.

Meanwhile, Julia might be preparing for a split as she unloads homes in Hawaii and New York!

In April, the 47-year-old actress listed her historic island property for a whopping \$30 million, and the couple's Greenwich Village apartment is on the block for \$4.5 million.

THE COFFIN!

MIRANDA'S JEALOUSY AND SPYING

Worried that he might stray, Miranda demanded full access to Blake's mobile phone. "Either one of us can always look at each other's phone, and we know each other's pass-code," Miranda said in an interview. "I like to check his direct [Twitter] messages." According to another source, she enlisted pals to play detective. "She had spies everywhere. He was never left alone." Added an insider: "Both her parents were private eyes, and the apple didn't fall far from the tree."

BLAKE'S MURDER PROBE

Blake demanded justice when his good pal and mentor, country singer Wayne Mills, was gunned down in a Nashville bar in 2013 - and he got it! A grand jury indicted the bar's owner on second-degree murder charges for allegedly shooting Wayne in cold blood. A source said: "Blake had vowed to use his fame and fortune to push for an investigation into the slaying - and Miranda didn't want any part of that." **NE**

African Gem Cutter Makes \$2,689,000 Mistake...Will You?

This story breaks my heart every time. Allegedly, just two years after the discovery of tanzanite in 1967, a Maasai tribesman knocked on the door of a gem cutter's office in Nairobi. The Maasai had brought along an enormous chunk of tanzanite and he was looking to sell. His asking price? Fifty dollars. But the gem cutter was suspicious and assumed that a stone so large could only be glass. The cutter told the tribesman, no thanks, and sent him on his way. Huge mistake. It turns out that the gem was genuine and would have easily dwarfed the world's largest cut tanzanite at the time. Based on common pricing, that "chunk" could have been worth close to \$3,000,000!

The tanzanite gem cutter missed his chance to hit the jeweler's jackpot...and make history. Would you have made the same mistake then? Will you make it today?

In the decades since its discovery, tanzanite has become one of the world's most coveted gemstones. Found in only one remote place on Earth (in Tanzania's

Merelani Hills, in the shadow of Mount Kilimanjaro), the precious purple stone is 1,000 times rarer than diamonds. Luxury retailers have been quick to sound the alarm, warning that supplies of tanzanite will not last forever. And in this case, they're right. Once the last purple gem is pulled from the Earth, that's it. No more tanzanite. Most believe that we only have a few years of supply left, which is why it's so amazing for us to offer this incredible

price break. Some retailers along Fifth Avenue are more than happy to charge you outrageous prices for this rarity. Not Stauer. Staying true to our contrarian nature, we've decided to **lower the price of one of the world's rarest and most popular gemstones.** Our 2-total carat Sunburst Tanzanite Ring features marquise-cut gemstones set dramatically in gorgeous sterling silver. in?" because they wanted to bring [Bobbi Kristina] out on a stretcher and didn't want him to see her."

Gordon was panic-stricken and reeked of alcohol and still seemed drunk, she said. Debra recalled that he vomited several times in her home.

She said Lomas, an accused drug dealer, acted "very scared and he kept saying, 'I can't get arrested.'"

But it was Gordon who for the last six months has remained the key person of interest for investigators, the source told The ENQUIRER.

"One of the working police theories is that Nick knocked

The ENQUIRER's reenactment of Bobbi Kristina's tragedy

Bobbi Kristina out in a fit of rage and then panicked," the source said. "He thought about the way Whitney died, and then must have put Bobbi Kristina into the bathtub, thinking he could stage an accident or suicide scene.

"Now Bobbi Kristina's finally dead, and the heat's going to be on Nick for a long time."

— BARRY LEVINE

BEFORE lapsing into unconsciousness on Jan. 31, Whitney Houston's daughter came into contact with five key individuals in the final days – and hours – before her bizarre life-ending tragedy.

In this ENQUIRER exclusive, we reveal the last people Bobbi Kristina Brown saw – and WHAT THEY KNOW!

■ THE BOYFRIEND – NICK GORDON, 26

Gordon is believed to be the last person Bobbi Kristina saw before she was found unresponsive in her Roswell, Ga., home, but he has refused to discuss any details about the night over the last six months.

Instead, he told Dr. Phil in a TV appearance: "My pain is horrible, my heart hurts – adding he couldn't bear to "lose" Bobbi Kristina.

But the \$10 million lawsuit filed by Bobbi Kristina's conservators against him paints a vastly different picture!

The papers detail her final night – stating Gordon attacked her, "punching her in the face, knocking out a front

tooth and dragging her upstairs by her hair."

The papers, filed June 24 at Georgia's Fulton County Superior Court, allege Gordon also pummeled Bobbi Kristina right before the fatal bathtub incident, stating she "became embroiled in a loud argument with [Gordon]."

The lawsuit also alleges that after Bobbi Kristina was placed in a medically induced coma, Gordon "stole in excess of \$11,000" from her bank account – and that Bobbi Kristina "confided" to a pal that he was "not the man she thought he was."

■ THE MAN WHO CALLED 911 – MAX LOMAS, 24

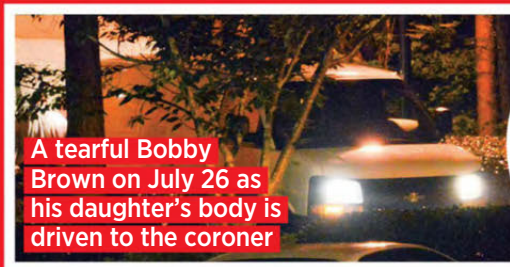

This ex-boyfriend of Bobbi Kristina was with Gordon when he found her in the tub – and made the 911 call that alerted authorities.

"My client wants nothing more than to see a full recovery," Max's lawyer Philip A. Holloway has said. "He and Krissi have been friends for many, many years, and he is absolutely devastated."

Weeks before the tragedy, Lomas was in jail on multiple charges after he allegedly drugged and held his girlfriend hostage.

BOBBI Kristina Brown began her heartbreaking final journey from her deathbed in Atlanta to join her mother, Whitney, at her grave in New Jersey, at the time *The ENQUIRER* went to press.

After the 22-year-old passed away at the Peachtree Christian Hospice - nearly six months after she was found unconscious in a bathtub - the aspiring singer was to be

"Whitney's headstone now has a circular brick border garden, and two rosary necklaces have been added," an eyewitness told an *ENQUIRER* reporter. "A new sign

spelling out 'Love' has also been placed to the back left of the stone."

Whitney was just 48 when she was laid to rest after her Feb. 11, 2012, death in Los Angeles.

Said a source: "The graves around Whitney are occupied. Bobbi Kristina's remains could be placed atop Whitney's coffin, with mother and daughter together into eternity." **NE**

SOUND ADVICE

TINNITUS, a relentless ringing in the ears that can be more distressing than hearing loss itself, plagues 10 to 15 percent of adults. It's usually caused by exposure to loud sounds at concerts and extended use of headphones. Such noises destroy hair cells in the ears, causing hearing loss or partial deafness. It also severs connections between the nerves and brain, which cause ringing in the ears. While there are no solutions

to the problem, it can be prevented with earplugs or earmuffs. So protect your hearing before it's too late!

The beauty of baking soda

BAKING soda is not only terrific for cleaning your sink, it also offers genuine health benefits. When mixed with water, it's great for exfoliating your skin, and as a foot soak. Add lemon slices, and the foot soak will invigorate and clean your feet at the same time. Baking soda can also be used on your scalp in the shower to help remove residue from hairspray, styling gels and conditioner. You can even use it to remove surface stains on your teeth and help brighten your smile!

Get out and perk up!

IF YOU'RE down in the dumps, consider heading for the great outdoors! Medical research shows getting fresh air can boost your mood. Being outdoors also opens the door for you to exercise, which produces mood-lifting endorphins – the natural body chemicals that activate sensations of pleasure. This means you're feeding both your mind and body with good stuff!

EAT BREAKFAST AND BEAT HUNGER!

A GOOD breakfast can be both ample and nutritious. The key is making the right choices! Your first meal of the day should be chock-full of whole grains, low-fat protein, dairy and fruit. That combination will delay hunger symptoms and keep you feeling full longer.

Choose high-fiber cereals with bananas, low-fat milk and yogurt. Smoothies are good, as long as they're made with low-fat yogurt. Eggs can be combined with low-fat ham and lightly buttered whole-wheat toast for extra fiber. Cottage cheese offers the same benefits – so get up and eat to stay healthy!

SIMPLE SOLUTIONS FOR PSORIASIS

HOME remedies may not provide a cure for the heartbreak of psoriasis, but they can ease some of its symptoms. A regular warm bath can soothe inflamed skin and help remove scales. To maximize results, add oils, oatmeal or Epsom salts to your bath water. Try to avoid harsh soaps and really hot water, which can irritate the skin. Moisturize skin after your bath, and during the day. Some skin reacts better to oils than creams, so try both. Use sunscreen to lessen the potential of outbreaks and skin cancer.

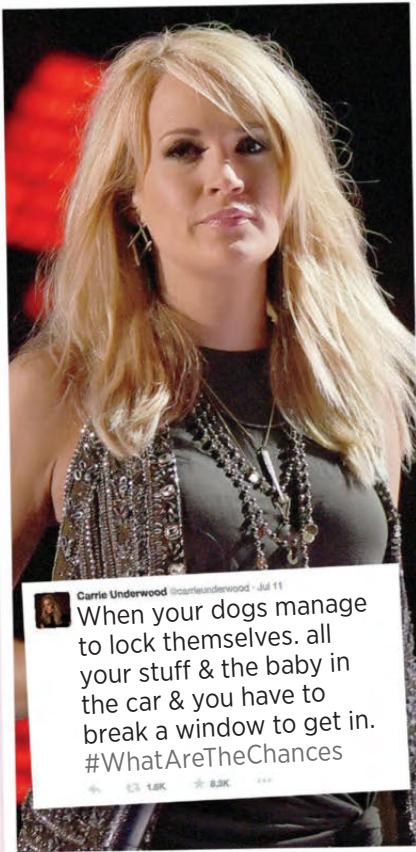

PAINKILLERS: FDA says 'Nay!'

EXPERTS are having headaches over non-aspirin painkillers like Aleve, Advil, Celebrex, and Motrin IB – saying the products can increase the risk of strokes and heart attacks! The FDA has revamped its warnings about the non-steroidal, anti-inflammatory drugs known as NSAIDs. The meds can increase the risk of heart attacks and strokes by 10 percent, and low-dose drugs increase the risk by about 20 percent. Higher-level prescription meds can pump the risk to 50 percent. Next time you get a headache, try a nap!

SUMMER'S HOTTEST DEATHTRAP!

Be prepared—don't let a hot car turn into a killer!

1 A COOL FIRST RESPONSE

While waiting for assistance, cover the windows with clothes or other material to shield the child from the sun. Stay calm, and check that all of the vehicle's doors—including a hatchback—really are locked.

2 MAKE THE CALL!

People call 911 for a lot of crazy things, but definitely call when a child—or even a pet—is trapped in a hot car! Don't worry about being a busybody when a police officer can open any car door within minutes.

3 KNOW THE LAW!

Temperatures in a car can get fatally hot in a short time. Many states have passed legislation protecting people against claims after breaking into a car to rescue a child in danger—so look into your local laws.

4 NO TIME FOR PATIENCE

Watch the clock and the child. A car's interior is usually 35 degrees hotter than the outside temperature. An infant can die from hyperthermia in just 15 minutes on a comparatively cool 75-degree day.

IN A scary mom moment, country star Carrie Underwood watched as her dogs jumped around her car and locked its doors, trapping her infant inside on a hot summer day!

Fortunately, her brother-in-law quickly broke a window, reuniting the singer with 5-month-old Isaiah.

But while Carrie had a happy ending, an average of 38 children die every year from being left or forgotten in hot cars. These tips can help you avoid tragedy ...

5 WHAT TO WATCH FOR

Once the child's out of the car, check for symptoms of heat exhaustion and heat stroke: thirst, fainting, nausea and vomiting, headache, clammy skin, dizziness, rapid breathing and heartbeat, and seizures.

6 WHAT TO DO

Call paramedics and take the child indoors or to a shaded area. Undress the child; elevate the feet slightly. If conscious, give frequent sips of cool clear fluids, with the child on his side to prevent vomiting.

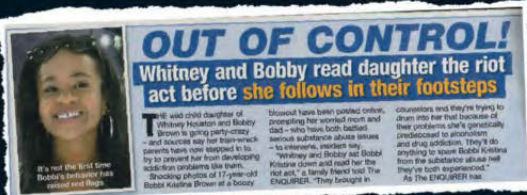

A LIFE OF DRAMA

PLAYED OUT IN THE

Like her mother before her, **Bobbi Kristina Brown's** tragic life has been followed in the pages of **The ENQUIRER** – with a series of exclusive stories:

1 DEC. 20, 2010 OUT OF CONTROL

Shocking party photos posted online of Bobbi Kristina – then age 17 – drinking the controversial caffeinated alcoholic drink Four Loko led to her parents' grief. Said a family friend: "Whitney and Bobby are trying to drum into her that ... she's genetically predisposed to alcoholism and drug addiction. They'll do anything to spare Bobbi Kristina from the substance abuse hell they've both experienced."

2 MARCH 14, 2011 HOOKED ON COCAINE & BOOZE

A year later, Bobbi Kristina was already in the throes of drug abuse. Exclusive ENQUIRER photos showed her snorting lines of cocaine at two different parties in Alpharetta, Ga. – just a few miles from where she lived with her mother. A former boyfriend who dated her for two-and-a-half years took the photos, and told The ENQUIRER: "Krissi is addicted to cocaine. I've tried to stop her, but all she said was, 'I'm just like my mother!' If Krissi doesn't stop soon, cocaine will kill her!"

3 MARCH 5, 2012 WHITNEY'S LAST PHOTO!

Bobbi Kristina's dark demons only worsened when her beloved mother tragically died at age 48 on Feb. 11, 2012. In an eerie similarity to Bobbi Kristina's own tragedy, the pop diva's drug-related death came when her body was discovered in a bathtub filled with water at a hotel in Beverly Hills, Calif. An insider at the funeral preparations revealed to The ENQUIRER: "Bobbi Kristina picked out a pair of gold slippers for her mother's feet." On the day of the funeral, published reports said Bobbi Kristina had slipped away to get high.

4 MARCH 12, 2012 DRUG VIDEO SHOCKER

The troubling extent of Bobbi Kristina's own addiction was revealed only weeks after Whitney's death, as The ENQUIRER obtained photos of the teen smoking marijuana and tossing back shots of vodka. The photos were taken in March 2011 – and the insider added: "Bobbi grew up watching both her mom and her dad, Bobby Brown, getting high on a regular basis. To her, drinking and drugging is normal!"

5 MARCH 26, 2012 SENT TO PSYCH WARD

The ENQUIRER exposed the untold story of the complicated relationship between mother and daughter. Sources revealed that Bobbi Kristina once tried to stab Whitney before attempting suicide by slashing her own wrists! The incident occurred just days before her 15th birthday, and landed Bobbi Kristina in a hospital psychiatric ward.

MA & PAIN

ENQUIRER

6 FEB. 25, 2013 PREGNANT & SUICIDAL

One year after Whitney's passing, we revealed that Bobbi Kristina was in a sizzling romance with her "adopted brother," Nick Gordon – and that Bobbi Kristina was telling pals she was expecting even as family members had other worries. "For weeks she's been looking like she's pregnant," said a source, "and it's a big worry because she has gone off the rails again, suffering deep depression!"

7 JUNE 24, 2013 FIGHTS & DEATH THREATS

A year and a half before Bobbi Kristina's life-ending tragedy, details of her disturbing relationship with Gordon were emerging. The ENQUIRER talked to a neighbor who revealed the couple had been evicted from their apartment following violent fights and all-night parties fueled by drugs and booze. There were also death threats made against anyone who complained. The neighbor quoted Gordon: "He actually said, 'You all better shut the [bleep] up or else!'"

BOBBI KRISTINA'S TRAGIC DESCENT INTO HEROIN & CRACK HELL

8 FEB. 23, 2015 HEROIN & CRACK HELL

After Bobbi Kristina's life was cut short in her horrific Jan. 31 medical emergency, we published an explosive tell-all with a close friend who revealed how the showbiz scion – then 21 years old – had been secretly battling an addiction to both heroin and crack! The source said: "She told me her mother's death 'gutted her.' Those were her exact words."

BOBBI KRISTINA'S DESPERATE CRIES FOR HELP

9 MARCH 2, 2015 EYEWITNESS TELLS ALL!

The ENQUIRER exclusively reported police had interviewed a witness to determine if foul play was at the center of her mysterious drowning. We identified the informant as Danyela Bradley, 18, who had become fast pals with Bobbi Kristina in the weeks before the tragedy. Danyela's mother, Marlene Bradley, quoted her daughter as saying: "I can tell you she didn't put herself in the tub." Danyela also divulged Gordon was the last person to see Bobbi Kristina alive!

10 JULY 13, 2015 CRIES FOR HELP

The ENQUIRER then exclusively obtained shocking text messages that Bobbi Kristina sent to a pal before her tragic end – revealing that she wanted to escape Gordon's control! Bobbi Kristina wrote: "Hey babe boo boo. Yeah I'm sad ... It's about Nick ... I just seriously don't know what to do about him ... You know how he is. I care about him but I'm so sick of the fighting and him telling me what I can and can't do. Plus what I found out ... I'm devastated." NE

FROM BEYOND THE GRAVE, WACKO JACKO'S GUIDING SIS JANET'S COMEBACK!

He 'told' her to step out of the shadows

JANET Jackson's comeback was inspired by brother Michael's troubled spirit reaching out to bring her back to the stage!

"They were like twins, with a secret language only they understood," a family insider told *The National ENQUIRER*. "It's no surprise Michael's still guiding her, pushing Janet to tour behind a new album!"

After Janet married a billionaire Qatari businessman in 2012, she moved to the Middle East, distancing herself from the life she enjoyed as a star.

"Michael taught his kid sister everything she knows," explained the source.

"He especially taught her how to be famous, not to

hide away from the world in self-imposed exile as some rich guy's wife!"

A newly inspired Janet even delivered a subtle message to her departed brother when she announced her return to performing.

In a video posted in May, she declared: "This year. New music. New world tour. A new movement - I've been listening."

That was followed by the May 16 announcement - on Janet's 49th birthday - of a new album and her *Unbreakable World Tour*.

Janet's husband, Wissam Al Mana, 42, has accepted his wife's decision. He showed his support by hosting a surprise birthday party at L.A.'s Hyde Lounge, where 30 of

Janet last embarked on a world tour in 2011

their closest friends and family welcomed Janet back to the U.S.

The King of Pop is still electrifying!

MOONWALKING in the clouds!

MOVE over, Thor! The King of Pop is now the God of Thunder!

Storm chaser John Plashal was photographing a lightning display brewing over central Virginia when the image of a "moonwalking" Michael Jackson appeared in the sky!

John captured the image using a storm-chaser app, and didn't notice the celestial body at first.

But after he posted his storm photos to the Facebook page of a local news station, excited Jacko fans began buzzing about the heavenly vision.

"I didn't know what I had until [the next] morning, when my phone started blowing up," said the unsuspecting celebrity photographer.

John, 45, then rushed to take a second look, and couldn't argue with what fans saw!

"I see Michael Jackson moonwalking. I see his foot raised, and his legs bent, and his black pants and white top," said John.

"It's pretty wild!" **NE**

THE LAST 5 FACES

CONTINUED FROM PAGE 31

In 2011, he and Gordon got into a wild fight involving Bobbi Kristina, then 18. Lomas repeatedly punched her friend, Justin Walls, in the face while Gordon brandished a gun to hold back his friends.

■ THE PAL - DANYELA BRADLEY, 18

Lomas' girlfriend was also in the house when the 911 call was made. Her mother told The ENQUIRER what she remembered in a world exclusive interview in our March 2 issue.

"Our impression is Max dragged her body out of the tub," Marlene said. "Danyela said, 'It makes no sense. [She] was completely naked. She was in a tub of ice-cold water. I can tell you she didn't put herself in the tub. No woman would take a bath in a tub of cold water! Max and I gave her CPR.'"

Marlene added: "Danyela said to us, 'I want to tell you what happened. But I can't tell you. It's so messed up.'"

"She insinuated to us she doesn't think it was an accident."

Police interviewed Danyela, and she's a potential key witness in piecing together what happened inside the home.

■ THE LATE-NIGHT VISITOR - DUANE TYRONE HALL, 24

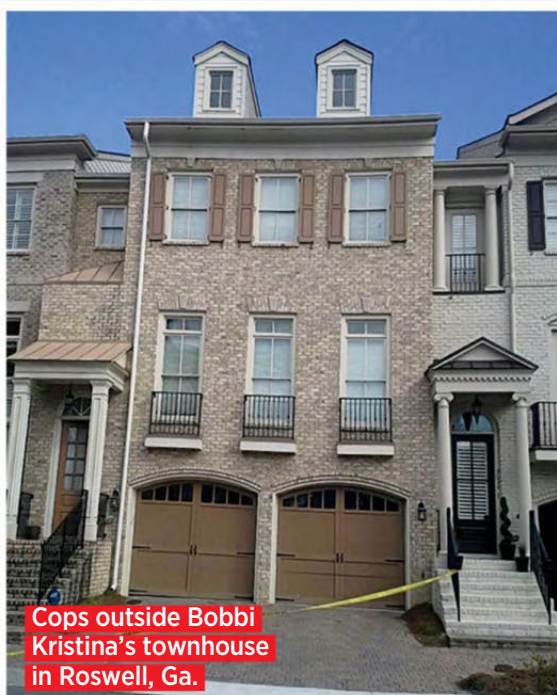

Bobbi Kristina's final photo was taken with the man who

might have driven Gordon into a homicidal rage!

She posted a pic of herself with Duane around 3 a.m., six hours before she was found.

They may have been in a love triangle - as The ENQUIRER revealed the rage that spilled over in the early morning hours of Jan. 31.

According to a witness, Bobbi Kristina and Gordon "had a fight at 12:30 a.m.,"

Cops outside Bobbi Kristina's townhouse in Roswell, Ga.

and then "Nick and Max left and went out - that's supposedly when this other guy came over to Krissi's.

"There was discussion of some guy who came over and [he and Bobbi Kristina] fooled around - that's what

Nick said!" While the witness did not identify the man, The ENQUIRER learned it was Duane.

When The ENQUIRER tried to reach Duane for comment, his mother, Murline, said her son was unavailable.

Duane was with Gordon again when cops pulled Gordon over on Feb. 2 for a lane violation. He was also cited in a Jan. 14 police report when cops busted Lomas for possession of marijuana and distribution of drugs at a Roswell motel.

■ THE FINAL CONTACT - SARAH BECKMANN, 22

The last person known to have communicated with Bobbi Kristina is an aspiring singer who splits her time between Atlanta and

L.A.

"Sarah I miss and need you," Bobbi Kristina tweeted to Sarah "Bess" on Jan. 29.

That same day, she seemed excited about leaving Gordon - tweeting: "Let's start this career up & moving out!"

Bess later posted on June 26: "Those of us who know Nick Gordon personally know what a monster he really is, and if you are contacted to testify against him, you need to make a stand." **NE**

Witch doctor's final bid to save her life

IN A last-ditch bid to save Bobbi Kristina Brown, her heartbroken father Bobby Brown considered bringing in a "witch doctor."

Though a rep for Bobby denied any such action had been taken, The ENQUIRER has learned that the family could have consulted a local self-proclaimed "witch doctor," Rev. Doc Brown, who is based in Albany, Ga.!

"Had they contacted me, I could have definitely brought Bobbi Kristina back!" Rev. Brown told The ENQUIRER.

"I would need to sit with the patient for three hours, preferably between 10:30 a.m. and 1 p.m. Part or all of the room should be painted a sky blue, especially the immediate area around her bedside. Then I would call angels to surround her to elevate her spirit.

"The raising of her soul would cause vibrations in her body that would bring her out of her coma, and help restore her damaged mental faculties."

Vocal cord DISASTER for Donny!

NO MORE “Puppy Love!” Pals fear Donny Osmond may never sing again after the beloved performer developed a bleeding lesion on his right vocal cord that could develop into cancer!

Doctors recently found the hemorrhagic polyp, and the 57-year-old will soon undergo emergency surgery.

Donny’s expected to be treated by Harvard Medical School’s Dr. Steven M. Zeitels, who’s performed the same procedure on singers John Mayer, Adele, Sam Smith and Lionel Richie.

“Donny’s problems may be much worse than he’s letting on,” said a close source.

“He won’t be considered cancer-free until a biopsy is done on the polyp after it’s removed.

“Until then, he and his family are going to be worried sick that he may have throat cancer.”

Donny’s battled previous problems with his vocal cords. In 2012, vocal fatigue forced him to skip several performances with sister Marie of their show at the Flamingo Las Vegas.

REGIS Philbin is terrified a nagging health issue will ruin his “Today” show comeback with former co-host Kathie Lee Gifford, said sources.

The beloved 83-year-old star “has a case of the shakes, and he’s worried that it’s more than just nerves,” a friend told The National ENQUIRER.

“When he holds a piece of paper, you see the tremors, and it’s not from the breeze.”

On a recent “Tonight Show,” Regis couldn’t hold a pen and a piece of paper steady while joining host Jimmy Fallon in writing his regular “Thank You” notes.

Besides that, Regis couldn’t read the words on the cards he was holding.

“Being in front of a camera is second nature for Regis,” said the friend. “He doesn’t get nervous. But the sad truth is, it takes him more time to prepare for the camera these days.

“He wasn’t prepared for the ‘Tonight Show,’ but he

wanted to prove he could keep up with the fast pace of its younger audience.”

Added another source: “Regis is trying everything to stay young and relevant. He’s on social media, but he has a challenge send-

ing messages on Twitter because it’s hard for him to type on the touchscreen.

“He’s into healthy drinks and has a good diet, but the shaking has him depressed. After the ‘Tonight Show,’ Regis said he’s considering

Olivia dishes on *vicious feud*

AT AGE 99, Oscar winner Olivia de Havilland, one of Hollywood’s last great screen queens, is launching a new career – as an author!

Olivia, the sole surviving star of the 1939 classic “Gone with the Wind,” is putting the finishing touches on her autobiography and wants it to hit shelves next July – just in time for her 100th birthday!

“It’s absolutely astonishing how much Olivia remembers, and how meticulous she’s been in keeping notes all these years,” a longtime friend told The National ENQUIRER.

Olivia’s life story includes regrets about her fiery relationship with her famous sister, actress Joan Fontaine.

A notorious Hollywood feud erupted at the 1942 Academy Awards, where the sisters were both nominated for Best Actress. When Joan won for her performance in “Suspicion,” she humiliated Olivia by snubbing her congratulations!

The sisters stopped speaking entirely in 1975. “I married first, won the Oscar before Olivia did, and if I die first, she’ll undoubtedly be livid because I beat her to it,” Joan famously taunted.

Regis and Kathie Lee shared "Live!" hosting duties for 15 years

doing more arm exercises." Regis also hopes to break his mark in the Guinness Book of World Records as having logged the most time in front of a TV camera with 17,000-plus hours. He's aiming for 18,000

hours, but pals said he's worried the tremors will prevent him from achieving his goal. Regis has said: "Getting old ain't for weaklings. It's been like waging a war." **NE**

with Joan Fontaine!

Joan actually did die first, in 2013 at age 96.

"Joan's death affected Olivia greatly; it caused her to reflect and have remorse that they weren't able to patch things up," the friend said.

While Olivia suffers from failing vision and hearing loss, the star, who has lived in Paris for nearly 60 years, still "dresses to the nines every day and has her hair done," said the friend.

"Olivia has every intention of making it to 100 and getting her book out," the pal said. "She says she may even go on a tour to promote it!" **NE**

ABSTINENCE MAKES THE HEART GROW FONDER!

‘Born Again Virgin’ on the sublime

A HILARIOUS new sitcom is all about saying “Yes!” to the word “No!” In “Born Again Virgin,” a beautiful blogger fed up with the dating game decides to hang a “No Dogs Allowed” sign outside her bedroom.

The move shocks her two roommates, and despite their many misadventures with men, it shakes up the sexcapades of the three smart, funny and attractive ladies living in Atlanta.

“Born Again Virgin,” on the cable network TV One, features sexy “3rd Rock from the Sun” star Danielle Nicolet as Jenna, the up-and-coming blogger.

She goes celibate to put a stop to her endless disappointments on the dating scene, and plans to chronicle the experience to enlighten her readers and BFFs in the bargain.

Jenna quickly finds abstinence both challenging and rewarding, considering the smaller dose of dog poop that comes with it.

But, as she tells her roomies: “This is not a phase! It’s a commitment to myself.

“I want deeper, more meaningful relationships. Removing sex out of the equation will achieve that.”

Her naturally skeptical girlfriends include former “NCIS: Los Angeles” star Meagan Holder as Kelly, a savvy publicist who is up to her eyeballs in stupid guys.

Then there’s smokin’ hot Eva Marcille, who got her big break winning “America’s Next Top Model,” as Kelly’s couch-surfing client, budding actress Tara. She’ll do anything to be famous – except get a job.

A disbelieving Tara tells Jenna: “This whole born again virgin thing. You can’t give up sex. You couldn’t even give up gluten!”

Jenna’s challenge is a big one, and seems ready to be broken with every new “date-mate” – until each one screws her over before they even make it to the bedroom.

The ladies in this sitcom are more than a little frustrated, and that’s why they’re so hilarious! “Born Again Virgin” premieres Wednesday, August 5 at 10p/9c. **NE**

Kim & Kanye's DEEP FREEZE

KANYE West and Kim Kardashian plan to be cool for centuries!

The rapper wants his entire family to be frozen after death – and thawed back to life for reality shows of the future!

“Kanye is deadly serious about this,” a pal of the rapper told All The Buzz.

“He says that Kim is the most perfect female specimen imaginable, and the world shouldn’t be robbed of her beauty.”

Kanye has reportedly been checking out the Alcor Foundation in Arizona, which is home to more than 1,000 frozen folks.

Baseball legend Ted Williams already has his head and body stored there separately – and Kanye is eying whole-body plans that cost \$220,000!

But Kanye isn’t motivated by a fear of death. He’s going into the deep freeze for the sake of humanity!

Explained the insider: “Kanye believes his creative genius is so rare that it’s important he stays around on Earth forever!”

CHANGING FACE OF FAME BETTY WHITE

“I’ve enjoyed the opposite sex a lot,” said Betty White – sounding more like Sue Ann Nivens from “The Mary Tyler Moore Show” than sweet Rose from “The Golden Girls!”

The bawdy television legend has covered a lot of classic characters in her 93 years. Look back at her amazing evolution from ’50s TV personality to one of America’s most beloved sitcom stars!

Partridge nest

FORMER teen idol David Cassidy is losing his home in Fort Lauderdale, Fla., over his recent bankruptcy – but he sure wasn't living in squalor! The five-bedroom spread covers 6,609 square feet, and includes a pool, exercise room and boat dock for people who handled their money better than the “Partridge Family” star. David, 65, bought the property for \$1.1 million in 2001. Now lawyers hope the upcoming auction will cover the \$2,143,367 he owes creditors!

McBeal reunion?

PORTIA de Rossi made up with Calista Flockhart – which could lead to more “Ally McBeal!”

The glamorous wife of Ellen DeGeneres – who played lawyer Nelle Porter on the show – alienated Calista after Portia publicly blamed her old co-star for inspiring her own anorexia!

But Portia made amends after Calista's husband, Harrison Ford, was injured in a March plane crash.

“Portia offered to look after [Calista's son] Liam while she looked after Harrison,” a close pal told All The Buzz.

“Calista was touched, and they've been talking ever since” – and now Portia's talking to FOX about a 20th anniversary “Ally” reunion!

Joni's Taylor jibe!

FOLK legend Joni Mitchell is recovering from an aneurysm she suffered in March – and may be suffering from too much attention from Taylor Swift!

The pop star is hoping Joni will change her mind about Taylor playing the '60s music star in a biopic, sources told All The Buzz!

“Joni is adamant about two things: Getting back to playing music and having control over the movie,” a friend dished. “And Joni is absolutely sure she doesn't want Taylor Swift to portray her in her life story.”

It's been three years since Joni embarrassed Taylor by publicly denying her the role. But now Taylor, 25, is bombarding the 71-year-old with flowers and gifts in a desperate bid to get Joni to reconsider her for the coveted film role.

Butler's done it!

GERARD Butler, star of “Olympus Has Fallen,” has fallen hard for designer Morgan Brown – after years of reportedly dating beauties like Jennifer Aniston and Cameron Diaz!

“Gerard says that he's ready to make a commitment,” an insider told All The Buzz.

The sexy Scotsman, 45, is even looking at engagement rings! “Gerard wants to have a family, and his mother has hoped that he'd find a perfect match,” said the source.

“She liked Jen and Cameron, but it seems like each time she got to know one of his girls, the relationship fizzled!

“His mom is really hoping that this romance with Morgan sticks!”

Doctors Look Beyond Viagra®

ED remedies face stiff competition from natural compound; 'standout results,' say users

PHILADELPHIA —

Many of the symptoms associated with 'growing old' are actually signs the body is running on empty.

For a man, the precipitous drop in the hormone testosterone can be life-changing; degrading the quality of erections, reducing sexual desire, and stamina. There's more.

A Slow Leak

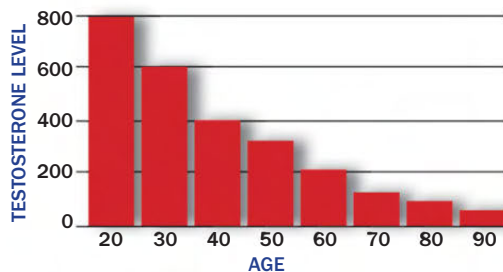

Low 'T-levels' can also trigger insomnia, premature aging of the skin, increased body fat, muscle loss, depression, and worrisome mind and memory problems.

The good news is that restoring testosterone to optimal, youthful levels is a fairly easy process.

The bad news is that it's painful and expensive.

One has to endure repeated doctor visits, blood tests, painful injections deep into large muscles, or the daily application of ineffective, expensive adhesive patches or messy topical creams.

Now, there's a better way, say doctors.

Essence of Man

In the quest to keep aging men young and vibrant, scientists looked beyond human testosterone to discover an ensemble of natural fire-starters and sexual enhancers that re-ignite a man's sexual powers by naturally elevating testosterone.

This can make any man a better, stronger lover, and also improve his overall well-being, and confidence.

The breakthrough is called Beyond Human Testosterone.

It's a drug-free, two-capsule-a-day formula that is growing more popular with healthcare professionals and men looking for a painless, prescription-free fix.

Live and Love, Younger

Users report better sex, increased mental focus, alertness, and productivity, increased muscle mass, energy expenditure, and smoother, more 'touchable' skin.

"Beyond Human Testosterone is an impressive formula," says physician Dr. Steve Klayman.

"Its ability to stimulate the body into producing more testosterone makes it perfect for every man who wants to boost his sexual response, improve his physical appearance, brighten his moods, and slow the rate at which his body is aging."

Kevin J. San Angelo, Texas is in full agreement. He has his life back.

Hard as Steel

"I've had problems sustaining my erections," confesses Kevin.

"I tried Beyond Human Testosterone and my erection was unusually hard and I lasted longer than I have in years."

Reactions like this are not surprising to Dr. Klayman

Raises Testosterone

The formula pairs dual, testosterone-boosting plant extracts from eurycoma longifolia and fenugreek seed.

These unique plant chemicals work synergistically to stimulate and increase natural testosterone production.

The result is markedly higher levels of free testosterone in the body.

Bed-Vroom!

"Thanks to Beyond Human Testosterone, I've gone from having sex once a week, or sometimes less, to three or four times a week," laughs Jim K.

"On our last vacation in Mexico, my wife and I were at it almost every day and night. It was like being on our honeymoon again."

When testosterone is replenished, regardless of age or physical state of health, any man can enjoy a more powerful sex drive, enhanced sexual function, increased energy levels, and a far more pleasurable sexual experience.

Increasing levels of testosterone is, by itself, may not be enough to fully restore waning sexual powers, warns Dr. Klayman

With age and the natural upheaval in hormonal balance, some men, by no fault of their own, will begin to convert testosterone to... estrogen.

A Monkey Wrench?

Ever seen a man with pronounced 'man boobs'?

This is often caused by this unwanted shift in estrogen-testosterone balance.

The Beyond Human Testosterone formula prevents this with the addition of a remarkable phytonutrient called diindolylmethane, or DIM.

DIM helps safeguard and protect a man's testosterone reserves.

Guarding Testosterone

In studies, DIM has been shown to promote healthy estrogen detoxification and elimination from the body, thus supporting overall hormone balance.

Formulators have included another clinically tested extract, Rhodiola rosea that promotes a calmer yet more alert mind, paired with increased physical strength and stamina.

The effects of these performance-boosting extracts are further magnified and intensified by the addition of piper nigrum, an extract that increases uptake and assimilation of other nutrients.

The addition of two critical minerals, zinc and magnesium, along with an abundant dose of pyridoxine, or vitamin B6 help improve micro-circulation.

Best Friend Re-Appears

Susan M. who lives in a large city on the west coast writes about her husband's night-and-day turnaround,

"Mark has been on Beyond Human Testosterone for four weeks and the changes are miraculous. He's like his old self again."

"My husband's moods have perked up," says Susan.

"He's a lot more adventurous. Romance-wise, it's like it was when we first met," she smiles.

"He's caring, adventurous, and extremely passionate. I've got my best friend back!"

Defeating 'Man'-opause

"I just have to say how much better I feel since starting on Beyond Human Testosterone," says Larry D. from Philadelphia.

"I admit, I thought 'male menopause' was a bunch of baloney, but when I read your Report on 'Surviving Menopause,' it was like looking in the mirror. I thought I was just getting old. Now I know better. Your formula has given me a new lease on life!"

Time to Man-Up?

If you believe that you are actually running on empty, instead of just growing old, here's your risk-free opportunity to do something about it.

In a very short while, you can be enjoying the energy, strength, confidence, and sexual command that you wielded when you were younger. No doctor, no needles, no drugs.

Special Opportunity for Our Readers

The manufacturer of Beyond Human Testosterone is committed to helping you enjoy the energy, strength, confidence and sexual command that you wielded when you were younger. They are offering our readers (and you) this special opportunity to try Beyond Human Testosterone for a full 60-days-- completely Risk Free! CRYPTOGRAM QUOTES

FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.
